125-MILE GALE HITS VERA CRUZ; LEAVES A TRAIL OF DAMAGE

Vera Cruz, Mexico, Sept. 29.—A hurricane of great violence swept in upon Vera Cruz yesterday from the Gulf of Mexico, leaving in its trail much damage in the city and adjacent towns and villages. From the Gulf region the storm made its way inland into the interior where it is reported considerable damage was done.
Houses were unroofed, several tugs in the harbor were sunk, the steamer San Juan was partly wrecked and heavy seas invaded the city and drove out persons living near the waterfront. At one time the wind reached a velocity of 125 miles an hour.
The storm raged for several hours and the streets of the city were filled with trunks of fallen trees and debris of all kinds.
Street traffic had to be suspended. The electric service of the city was cut off owing to a fear that people wading in the water in the streets might be electrocuted by the current from fallen wires. Several mules were killed previously by coming in contact with electric wires.
Much cargo was destroyed when warehouses along the waterfront were flooded. Several small industries had to close on account of the electricity being shut off.
Other towns suffer.
Boa Del Rio, near Vera Cruz, suffered heavily. In Cordoba, numerous houses were unroofed by the wind and the villages of Paso Del Macho and Boledad were badly damaged. Crops in the neighborhood of Vera Cruz were ruined.
During the storm there was a torrential rainfall and water from this and from the Gulf filled the streets in certain sections of the city to a depth of from two to five feet. This flooded cellars and did further damage.
At Jalapa, capital of the state of Vera Cruz, the Soatigo river overflowed its banks doing much damage to property. A considerable section of the city was flooded and two persons were drowned.
Communications between Vera Cruz and Mexico City were cut off by the storm and only meagre reports have come in, but these are sufficient to indicate that the storm did a great deal of damage and was the most devastating experienced by the city since 1888.

PREMIER MAY GO TO LONDON ON OCTOBER 8

Ottawa, Sept. 29.—A five-hour session of the cabinet council yesterday failed to produce any definite news concerning the several questions before the government. Premier King told newspapermen that he knew the two additional judges who are to make up the customs inquiry commission were not appointed. When asked if an order-in-council has been passed regarding the inquiry, he replied "no."
It is now probable that Mr. King and his party will leave for the imperial conference from Quebec on October 8 or 9. Ernest Lapointe, minister of justice, will accompany Mr. King but it is not known yet who else will go. James Robb, minister of finance, will be acting premier during the several weeks Mr. King is absent.

ST. ANDREW'S PRESBYTERIAN CHURCH

Rev. A. C. Wishart, minister.
Sunday, October 3rd:
11 a.m.—"The Inscription On The Cross."—A sacramental meditation. The Lord's Supper will be observed.
7.30 p.m.—"Saved by Grace." All Sunday School classes meet at the close of the morning service.
Ladies Aid—Monday at 3 p.m.
Prayer meeting Wednesday evening at 8 o'clock.
A cordial welcome to the services especially to those who have no church home.

If you see a stranger being honored in a village, he's a politician or a pitcher imported to trim a neighboring village.

APPLICATION FOR LEASE OF ROAD ALLOWANCE OR SURVEYED HIGHWAY

Notice is hereby given that E. H. Arlt, of Granum, Alberta, has made application to the Minister of Public Works, Edmonton, for a lease of the following road allowance or surveyed highway, and the original road allowance adjoining the East boundary of the North-East Quarter of Section One, Township Eleven, Range Twenty-Seven, West of the Fourth Meridian.
Any protest against the granting of the above-mentioned lease must be forwarded to the Minister of Public Works, Edmonton, within thirty days from the date of this notice.
Dated at Granum, Alberta, this 23rd day of September, 1926.
E. H. Arlt, Applicant.
September 23rd, 1926. 30-2f

PREMIER KING NOW IN SADDLE AT OTTAWA TODAY

Ottawa, Sept. 27.—Ottawa is getting back to normalcy today after the week-end upheaval caused by a change of government. Several of the ministers, notably those from Ontario and Quebec, went home for the week-end, but will be back during the day when the first real meeting of the cabinet will be held. The new government was sworn in on Saturday.

In connection with the customs inquiry announcement may be expected during the week of the appointment of the two additional judges who will act with Sir Francis Lemieux on the royal commission. One will be from Ontario and another from the west.

Hon. N. W. Rowell is the man viewed as chief counsel in the probe. R. L. Calder, K.C., it is understood, will be retained, but W. F. O'Connor, K.C., who since the Conservative government came in was associated with Mr. Calder, will be retired.
When Premier King goes to the Imperial Conference he is likely to be accompanied by Hon. C. A. Dunning, as well as by Hon. Ernest Lapointe. Tentative arrangements are being made for the party sailing by the Megantic, on October 9.

Massey Will Attend

Whether or not he goes with them to London, Hon. Vincent Massey will be there some time during the conference and there will be a discussion with the British government regarding Mr. Massey's projected appointment to Washington. When the Borden government, by legislation, provided for this position, the legislation defined its scope, and among other things it was proposed that in the absence of the British ambassador the Canadian minister should act in his stead.

It is very doubtful if this plan is carried out. Instead, the Canadian minister is likely to have his duties confined wholly to Canadian affairs. The possibility of complications is foreseen, while the plan, it is thought, might not appeal to the government of the other dominions. In consequence, the duties are likely to be modified on the lines indicated. While Mr. King is away Hon. James Robb will be acting premier.

Alberta Resources Question

Last spring, when the Alberta resources question threatened trouble in the King government, the King government's court the question of the constitutionality of that section of the autonomy bill which relates to school matters. The case, in the ordinary course, would have come before the supreme court in October, but, after the change of government, nothing was done about it. Now it is unlikely to be heard before the winter session. The essential question is as to the right of the federal parliament, when creating the new provinces, to lay down certain principles in respect of education.

Outlay by Warrant

Governor-general's warrants issued during the months of July, August and September aggregate \$47,000,000. The previous statement that in the first two months alone the total was \$54,000,000 was exaggerated. An examination is being made into the details of these outlays.

News was received here today to the effect that the difficulty over securing for Colonel J. L. Ralston, prospective minister of defence, a seat in Yarmouth is likely to be adjusted.

Customs Probe Enlarged

Ottawa, Sept. 27.—Enlargement of the work of the royal commission investigating administration of the department of customs so as to include an inquiry into the operation of the treaty for the suppression of smuggling along the international boundary, was announced by Premier Mackenzie King this morning. This was passed in the month of June, 1924.
The appointment of two additional judges to sit on the commission would be made very soon, Sir Francis Lemieux remaining as chairman of the commission.
Sittings of the commission will probably be resumed shortly after the new commissioners are appointed. It is not unlikely that the commission will proceed to the west first.

SMITH VERDICT IS "NOT GUILTY"

Whitstable, England, Sept. 29.—A coroner's jury rendered a verdict of not guilty yesterday in the inquiry into the death of John Thomas Derham, who was killed August 12 in a quarrel with Alphonse F. Smith at Smith's villa at this place.

Smith, who is a grandson of the late Hugh Ryan, of Canadian railroad building fame, was charged with murder, but the jury found yesterday that insufficient evidence had been presented to show who fired the shot and whether it was by accident or design.

CHRIST CHURCH (ANGLICAN)

Oct. 3rd.—18th Sunday after Trinity.
Divine Service at the usual hours—
8.00 a.m.—"The Holy Communion."
11.00 a.m.—"The Holy Communion and Sermon."
2.30 p.m.—Sunday School.
7.30 p.m.—Evangelism and Sermon.
Rev. G. McComas, M.A., Rector.

By Royal Proclamation, His Excellency, the Governor General of Canada has designated October 3rd to 9th as Fire Prevention Week.

During that week, lessons on fire prevention subjects will be given in the schools, public meetings will be held in many of the larger cities, towns and villages, and the owners and occupants of property everywhere throughout Canada will be counselled to give special attention to the removal of fire hazards from their premises.

Fire waste is one of the most serious economic problems confronting Canada at the present time. The public in general is vitally affected by the tremendous losses annually incurred by fire and the enormous expenditures rendered necessary to adequately protect life and property from its ravages.

PROSPERITY AND PROHIBITION TO BE BIG ISSUES IN U. S. ELECTION

Washington, Sept. 29.—Prosperity and prohibition stand out as major political issues in the fall campaign which is rapidly getting under way as state conventions return their nominations.
Official spokesmen for the Republicans and Democrats have exchanged broadsides on the prosperity issue, boomed by the administration supporters. Chairman Phipps, of the Republican campaign committee, declared that prosperity was the paramount question and that the administration would stand on it. Senator Bayard of the Democratic organization replied that the Republican claims of good business made be attractive to thousands of idle mill hands in New England and that the western farmers would receive them with "their tongues in their cheeks."

Governor Al Smith was renominated for the fifth time at New York state's Democratic convention. He will be opposed by the Republican.

THE EMPRESS THEATRE -- CURRENT ATTRACTIONS

A SCOTCH PROBLEM!

How do you put on kilts? Do you step into 'em or pull 'em over your head?

Despite his Scotch ancestry, these are the questions that bothered Douglas MacLean during the filming of his latest Paramount comedy, "Hold That Lion," which plays at the Empress Friday and Saturday.
Inasmuch as the MacLeans have called America "home for five generations, there was no one in the immediate family who could answer the questions from practical experience.

The problem was solved by the tailor who made the special kilts worn by the smiling comedian in the short episode in which the Scotch troupers play an all-important part. The answer—according to the tailor—is that you wrap them around.

MONKEYS' SCREEN ACTING PROVES DARWIN WAS RIGHT

Evolutionists secured additional material for their debate with the Fundamentalists during the filming of Douglas MacLean's newest comedy, "Hold That Lion." Which will be at the Empress Friday and Saturday.
A pair of full grown chimpanzees play an important bit in this Paramount picture, and their behavior before the camera plus the intelligence displayed by both strongly bear out the Darwinian theory of the relationship existing between man and monkey.

Working entirely by word-of-mouth instructions from their trainer, Charles C. Judge, the monkeys performed intricate bits of screen acting which included the firing of a gun, registering surprised fear, warning one another of their supposed danger and finally winning a sure-fire laugh by their concluding exit.

Both chimpanzees were captured in their infancy by Mr. Judge in the wilds of west Africa and have been raised and trained by him. He claims that he has proved beyond the shadow of a doubt that they understand the spoken word and have a relatively high degree of reasoning ability.

The chimpanzees are part of the picturesque African background against which a thrilling and hilarious lion hunt is staged. William Beaudine, who directed "That's My Baby," wielded the megaphone on "Hold That Lion." It is an original story written especially for MacLean by Rosalie Mulhall and adapted to the screen by Joseph Franklin Howard. Walter Hiers, Constance Howard, Cyril Chadwick, Wade Boteler and George Pearce make up a capital supporting cast.

ZANE GREY LAUDS HOLT AS IDEAL WESTERN HERO

"Jack Holt is the ideal type of player for the hero roles in my stories of the West."

These words from Zane Grey mean more to Holt than the highest praise anyone else could accord him. The popular Paramount player is frank to admit that he enjoys portraying on the screen the sturdy, two-fisted characters Grey has painted so vividly with printed words. An adventurer and man-of-the-outdoors all his life, Holt feels more at home in a wide-brimmed hat, black shirt, riding boots and blue overalls than in a tuxedo, although a score of pictures testify to the fine appearance he makes in evening clothes.

In explaining why he singles Holt out for special laudatory mention, Zane Grey said: "Jack Holt plays his roles naturally. He does not stride up and down before the camera making broad gestures. He is like men of the West are in real life, quiet, calm, reliant, and swift and sure in emergency. He is always modest but with an almost imperceptible undercurrent of strength of character and determination that make you feel it would be extremely unhealthy to attempt to take advantage of him."

LETHBRIDGE GAS CASE TO BE SUBMITTED AT CALGARY

Calgary, Sept. 25.—Whether or not the Public Utility Board has jurisdiction to demand submission of the contract between the Imperial Oil Refinery and the Royalite Oil company, under which the refinery is supplied with gas from No. 4 well, is an open question, said Judge A. A. Carpenter at the gas hearing yesterday. The board will hear argument on the matter.

J. W. McDonald, K.C., representing Macleod, Granum and Clareholm, and W. S. Ball, Lethbridge city solicitor, were present at Friday afternoon's session.
The question as to whether the board at the present session was to hear the case between Calgary and the gas company with the representatives of other towns holding briefs, or if the whole system was involved in the present hearing, was argued at great length. The board ruled that the hearing with regard to the whole system would be proceeded with.

Gas Company Admissions
The gas company, through its counsel, said that it was prepared to admit four of the statements in the Calgary gas case. These were paragraphs 1, 2, 3, and 13 as published in the Lethbridge Herald yesterday.

Charles McCollum, chief geologist of the Union Oil company, Los Angeles, was called as a witness by the gas company. Drilling for oil as a commercial project in Turner Valley would be hazardous, he said, "although one might be fortunate."
"My opinion is guided by results," he said, "namely, that sustained oil production has not been obtained."

"From the technical standpoint I would not recommend the spending of money to procure oil or gas unless I could assure my employer of a reserve," said the witness. He considered that Turner Valley was faulted.

Lethbridge Case Considered

Submission of the Lethbridge case was objected to by S. B. Wood, solicitor for the city of Calgary, who took the stand that the hearing had only to do with the rates for Calgary. He maintained that the city of Lethbridge case could not be taken as evidence at the hearing. Judge Carpenter over-ruled him, saying that it was thoroughly understood by the board that the cases of all the towns would be considered at one and the same time, and he ruled that the hearing should proceed with the application for the whole system.

The hearing was resumed at ten o'clock Saturday morning.

PRESENTATION TO MISS ANORA BROWN BY SCARLET AND GOLD CLUB

A pleasant and unique event took place in the Parish Hall, Macleod, on Tuesday evening, when the members of the Scarlet and Gold Club extended an invitation to the townspeople to come and do honor to a daughter, Miss Anora Brown, who brought prestige to the town by her accomplishments at the Toronto school of Art last spring. Miss Brown is the daughter of Mr. and Mrs. E. Forster Brown.

The walls of the hall were literally covered with sketches made by the young artist, and everyone was delighted and astonished to see such versatility, the sketches being done from living models, from costumes, poster covers, designs for mural decoration, pen and ink, pastel, water color and oils, and some excellent clay models.

Miss Brown's grasp of detail is remarkable, and her pictures of still life show marked talent. The pen and ink sketch of the well known Indian Chief, Joe Healy, caught him in a characteristic attitude, and many enthusiastic comments were heard on this particular work. Her scenes around Macleod were beautiful, and some of her sketches of the trees, wind-swept, or standing straight, with lines of depth and shade, were worthy of a far more experienced artist. Her sketches of native wild flowers and garden flowers, done both in water colors and oils, showed great accuracy and much artistic detail. Her pictures of the mountains and the mountain lakes were soft and colorful, with melting lines and true perspective. In fact everyone was delighted with such a large and varied display, and quite proud of the work of their own town girl, many remarking that they had no idea that such talent existed in our midst.

During the evening a short program was rendered, consisting of an instrumental solo by Miss Jean Hilliard; vocal solo by Miss Cora Hicks; violin solo, "Spring Song Serenade" by Mrs. J. T. Jones; vocal solo by Mr. T. Drinkwater; tea, sandwiches and cake, buffet style, were served from a prettily decorated table from nine o'clock, and at the close of the evening Miss Cora Hicks and Miss Dolly Genge, on behalf of the members of the club, presented Miss Brown with an old fashioned nosegay of pansies, tied with streamers of scarlet and gold in which was hidden a cheque.

Two of the three Alberta artists who won scholarships and prizes at the Toronto Art School last June were born in Macleod, the other being, Miss Gwenn Hutton, now of Calgary.

All good wishes follow Miss Brown who left today for Toronto where she will continue her studies.

Macleod is proud to honor her who has achieved so much merit in so short a time, Miss Brown having attended only part of the term at the Art School, and looks forward with every confidence to her bringing further scholarships and honors to Alberta and her native town.

THE NEW CHRYSLER "36" NOW BEING DEMONSTRATED ON STREETS OF MACLEOD AND AT SERVICE GARAGE

The nifty New Chrysler "36" automobile is now being demonstrated on the streets of Macleod and at the Service Garage. This new Chrysler creation is certainly a classy looking car—full-sized, with roomy, all-steel clear vision body and body lines exactly counterpart of its bigger brothers in the Chrysler family—Built as only Chrysler Builds.

It's fine to work for the right kind of people—especially if five or six of them call you dad.

EIGHT ARE INDICTED IN AIMEE McPHERSON ALLEGED CONSPIRACY CASE

Los Angeles, Sept. 27.—Aimee Semple McPherson, evangelist, was arraigned in municipal court here today charged with a felony in connection with her alleged efforts to substantiate her story of having been kidnapped last May.

Mrs. Lorraine Wiseman-Sielaff, whose confession in the case precipitated the charges against Mrs. McPherson, the latter's mother, Mrs. Minnie Kennedy, and five others charged with conspiracy to obstruct justice and prepare false evidence, also were arraigned.

The evangelist and Mrs. Sielaff waived reading of the complaint and preliminary examination of the three women was begun.
Mrs. Kennedy had been arraigned previously on the charges.

The first witness event in her life was Ralph Hercher, an engineer of Santa Barbara, Calif. He pointed out Mrs. McPherson and launched into a story of having seen a woman at Carmel, Calif., last May, whom he said he was convinced was the evangelist.

Los Angeles, Calif., Sept. 27.—More than 35 witnesses, ranging from grocer's boy to millionaire, have been subpoenaed by District Attorney Keyes to testify in connection with the mass of evidence assembled on which he recently based charges of criminal conspiracy against the evangelist and seven others.

District Attorney Keyes, who will personally handle the state's case, promises to remove the veil of mystery that surrounded Mrs. McPherson's absence.

BRIDE-ELECT SURPRISED BY MACLEOD CLUB GIRLS

Macleod, Sept. 24.—The young ladies of the Scarlet and Gold Club, Macleod, to the number of about 20, paid a surprise visit on Thursday evening of last week to the home of one of their members, Miss Edith Thewlis. Miss Thewlis expects to enter the bonds of holy matrimony during the first week of October, and as she was one of the first members to join the club some three or four years ago and has been a most active worker in all the varied undertakings of the club, the members felt that they could not allow her to pass without some tangible proof being shown to her of the love and esteem in which she is held by all the members of the club.

The young ladies in their full regalia of scarlet and gold marched in a body to the home and took Miss Thewlis by surprise when she opened the door and saw the crowd on the veranda. They took possession of the home for the evening, and needless to say they had a real jolly time, as only a bunch of lively young ladies (such as the members of this club are) can have when they meet for a social evening.

Mrs. J. W. McDonald as honorary president of the club, during the evening in a short appropriate speech, presented Miss Thewlis with a handsome silver and pyrex casserole, expressing first their regret at losing such a valuable member of the club and conveying to her the good wishes of all the members for her future happiness in the new life into which she is about to enter, stating that when she looked at and used in the days to come this small token of their friendship and love, she would be reminded of the many happy times they had spent together.

Miss Thewlis in a few words thanked the members for their unexpected gift and assured them that she would never forget the happy associations she had enjoyed in the club.

Dainty refreshments provided and served by the members brought to close a most delightful and long to be remembered evening.

Without Portfolio
Senator Dandurand.

The portfolio of national defence, which was not filled today, will probably be assigned next week. Premier King intimated this afternoon that he hoped to have something definite regarding this cabinet post within the first few days of the week. It is stated on the highest authority that Mr. King still hopes to secure J. L. Ralston, K.C. Halifax, for his minister of national defence.

In announcing his cabinet this afternoon, Mr. Mackenzie King pointed out that no cabinet appointment had been made from Prince Edward Island. "Prince Edward Island has not been overlooked," he said. "I hope within a few days, by means of a reorganization of certain government departments, to have that province represented in the government."

FORMER MASTER MECHANIC, MACLEOD, PASSES SUDDENLY

Word has just been received in Macleod by wire of the sudden death in New York of S. M. Fraser, who for many years was master mechanic at the C.P.R. shops, Macleod. No particulars have been received, but it was known that Mr. and Mrs. Fraser were spending a holiday in New York with their daughter and son, and they intended to visit Macleod on their way home to North Bend, B.C., to which place Mr. Fraser was transferred a few years ago.

Much sympathy goes out to the bereaved widow, daughter and son from all their friends in Macleod, where they were so well known and highly respected. Mr. Fraser belonged to both the Masonic and Odd-fellows lodges, and although not a member in Macleod, was a frequent and welcome visitor at both lodge meetings.

Miss Erika Olander, A.T.C.M., L. Mus., teacher of piano and theory. Students prepared for examinations if desired. Studio over the White Hall. 28-4t

MACLEOD REBEKAH'S TENDER SURPRISE PARTY TO MISS EDITH THEWELIS

At the close of the regular meeting of the Macleod Rebekah Lodge No. 23 on Tuesday evening the members in a body visited the home of a sister—Miss Edith Thewelis—whose marriage is to take place within a short time. The visit was in the nature of a surprise party. Miss Thewelis having been at the meeting performing her usual duties but quite unaware that such a visit was to take place. She has been a most devoted member of the lodge since she joined three years ago. She acted as Recording Secretary for two terms, and latterly as musician, and it was fitting that the members should recognise her work in the lodge on the occasion of her wedding. About 25 members were present and during the evening the Noble Grand, Sister Jean McHattie, read the following address, and Vice Grand Sister Elizabeth Gillespie presented her with a complete set of very handsome table linen.

The Address
Dear Sister Thewelis—We—the officers and members of Mountain

to combat her enemies, including the devil.

It seems a queer commentary on the sincerity and methods of Mrs. McPherson that she should make half a million dollars out of her religion, while Jesus of Nazareth should finish His career a pauper. Mrs. McPherson must want money or she would not labor so hard to make it. Money must, to her, symbolize success. Would she have the public believe that her life has been more successful than that of Jesus Christ?

Mrs. McPherson has built up a great and profitable wholesale salvation business by methods that are almost too raw for the promoters of fake oil or mining stock.

And, like every other kind of faker, she is due, now, for a fall. Barnum said the people like to be fooled. But he also said that nobody can fool all the people all the time.

The time has come when the people are sick and tired of all this Aimee McPherson nonsense. The public admires a fighter. But it has little use for a persistent and noisy hypocrite.

CANADA MUST CONQUER THE AIR

That splendid seaplane flight across Canada, completed Sunday evening at Vancouver by Squadron Leader A. Earl Godfrey, is just the sort of thing this Dominion needs to awaken Canadians to the importance of airplane development.

As this flight shows, Canada has flying men equal to the best in the world, men who both in war and in peace have demonstrated the ability to make Canada one of the leading flying nations of the world.

Are these men to be tied down to a pettifoggish, parsimonious policy in Ottawa, or are they to be permitted to get out and make the Canadian air force amount to something?

The only way to encourage commercial aviation is to make a success of official aviation. Just as in United States, where the revitalization of the army and navy air services was followed by the establishment of scores of private aviation companies, the building up of a strong air service in Canada would stimulate private capital to get into the game.

From the standpoint of national defense, speedy transportation, an adequate postal service, a growing air service, well supported financially is important in this Dominion.

Ottawa should formulate a progressive air program and put it into effect without delay.

PARIS SOCIETY

In Paris, according to the Boston Post, a traveling American who wants to break into society can do

View Rebekah Lodge No. 23 have met to express to you our regret at losing such a faithful and talented member. We will all miss your bright smile and fraternal spirit in "No. 23," but we all join in wishing you much happiness in your wedded life, and ask you to accept this gift as a token of our love for you, and we hope when you use this gift your thoughts of No. 23 and its members will be all pleasant and happy ones. Yours in Friendship, Love and Truth, (Sgd.) The Officers and Members of Mountain View Rebekah Lodge No. 23, Macleod Alberta, Canada.

Miss Thewelis, in a few suitable words, thanked the members for their gift and good wishes, stating that they would only miss her as one member of the lodge, while she in her new home so far away, would miss them all, not only as members of the lodge, but many of them as her friends and youthful companions. The balance of the evening was spent in games, and refreshments were served by the members, all happy to meet but sorry to part.

VALUES

Gypsies camped at the turn of the road;
Two buckskin ponies carried their load.
They made their breakfast beside the brook.

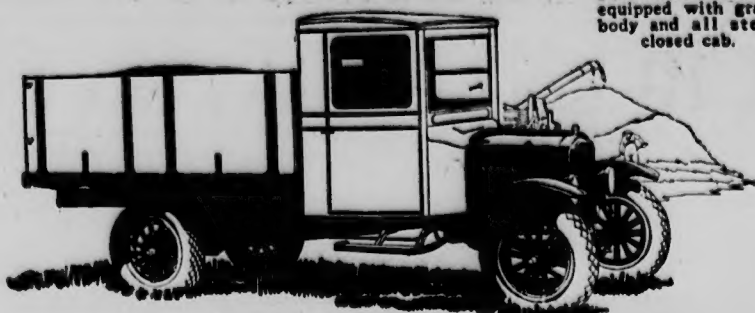

A storm-riven oak their inglenook.
Their smoke curled up through the morning mist,
Big drops on the copper kettle hissed;

Their clothes of splashy and fadeless dye
On sumacs spread by the fire to dry
A kypsy woman with eyes star bright

Waved a brown hand in the gray-day light.
Hastening to board a suburban train,
I cast a backward glance through the rain

(Umbrella over my head spread wide,
Strout rubbers adding weight to my stride)—
And I thought: How much beauty might never be

If gypsies were practical folk like me!
—Agnes Hellwig.

Does Six Weeks' Work In One

Joseph Girodat hauls his grain seven-teen miles north into Gull Lake, Sask. He used to make three trips a week with his horses as that was all they could stand.

Now with his Ford Truck he easily makes four trips a day and can haul all the grain in one week that used to require six.

"When I think of the many times, returning home, I had to walk seven-teen miles beside my grain wagon to keep from freezing, and compare it with my trips now in a comfortable

closed in cab, I would hate very much to ever resort to teams and wagons for hauling grain," says Mr. Girodat.

"I now eat all my meals at home, travel in comfort, and do my hauling for less money than previously. I get about seventeen miles to the gallon."

Ford trucks can be depended upon regardless of cold weather or icy roads. Many farmers have found with Mr. Girodat that "the whole thing sized up is comfort versus misery" in addition to more grain profit.

We will gladly prove to your satisfaction that the use of Ford equipment will save you time and money.

PRODUCTS OF TRADITIONAL QUALITY

if he's willing to pay for it. Dukes and counts and all manner of princes will attend his dinners and receptions for hire—rates, anywhere from \$500 to \$1000 apiece, depending on the quality and sonority of the title.

All of that sounds a little bit sickening, of course, but it really doesn't harm anyone. The nobleman who need money to get it, the visiting American who wants to feel distinguished is able to do so, and he never misses the money.

Any real French society isn't even remotely affected by it. As a matter of fact, these "hired counts" stand

just one grade below a dishwasher in the social scheme over there. But your rich American doesn't know it, and he's happy.

DISASTER UNITES THE WORLD

Offers of assistance and messages of sympathy pour into stricken Florida from every point on the American Continent.

American cities that a few weeks ago were decrying the Florida climate, complaining of Florida's greed and prophesying Florida's financial downfall, have been among

the first to dig down in their pockets and send aid.

Prosperity hardens the heart. Disaster unites the world.

Sorrow and destruction preserve the unity of nations, and of the human race.

Correct this sentence: "Little Willie has been quiet for an hour," said the mother, "but I'm not worried."

And you can tell a self-made man by the way he spits on his hand before grasping a golf club.

Purchases representing thousands of dollars are lost to us, to our trade, to our clerks and employees, to our laborers and artisans, to all the people of Macleod who exist on the products of their work. This money, if spent at home, would help to recreate Macleod financially, give a wider field of activities in business, would be helpful to every resident of this town.

If we purchased regularly from local merchants, this money would circulate in Macleod in a welcome manner. Our merchants merit our patronage; it is to our interest, and the duty of all of us to encourage the local merchant. He is one of us, he lives among us, he has the right to be encouraged by us, he is anxious to have our custom, and to give us satisfaction. We should under all circumstances give him preference, price for price, quality for quality. And nearly always the price that our local merchant asks is, if we compare the quality, just as cheap as that of the outside merchant.

Never purchase merchandise by catalogues from foreign houses before assuring yourself that you cannot procure the same articles, of the same quality (and frequently of better quality) at the same price from your local merchant.

Tunney staggered Dempsey with a right to the head, backing Dempsey to the ropes. Tunney drove a right and left to the jaw as Dempsey, blinded, stepped in. Dempsey was groggy. Tunney drove a right and left to the jaw, sending Dempsey into the ropes.

Tunney hooked a left to the body and Dempsey appeared tired. The rounded ended with Dempsey groggy as he was led to his corner.

Tunney wins decision.

ceipts from the Dempsey-Tunney championship bout last night was announced today at \$1,895,723.

The total attendance was 125,732. It was also announced that Dempsey's end of the receipts would amount to approximately \$700,000 and Tunney's to about \$200,000.

It was estimated the promoters would have a profit of about \$500,000. The total paid admissions were 118,736. In addition there were 1,396 complimentary tickets issued and 5,000 tickets for employees.

PGMY TRIBE IS DISCOVERED

Wetjeyreden, Java, Sept. 25.—In dense mountain jungles never before successfully penetrated by white men, the Dutch New Guinea expedi-

tion of American and Dutch scientists has discovered an entirely new group of pygmies. Details of the discovery were received here yesterday from the Associated Press correspondent accompanying the expedition. The dispatch was carried by a bush runner.

Entering a country in which previous expeditions had been decimated through fever and hardships, the scientists after four months of travel came upon the strange small people living a quiet and secluded life, hemmed in by rugged jungle covered mountains and cut off from the rest of the Papan tribes.

Mathew W. Stribling, of Berkeley, California, one of the leaders of the expedition, described the bushmen as unusually friendly. The pygmies, he said, talked in undertones, or whispers and seemed afraid of being too obtrusive. They were not timid, but quite intelligent and always cool and collected.

OCTOBER ROD AND GUN

Many features dealing with all kinds of outdoor sport combine to make a very attractive magazine of the October issue of Rod and Gun the publication of which falls in line with the opening of the fall hunting season in Canada.

A novel means of pursuing game is dealt with by Raymond Thompson in an article "Hunting and Fishing via Snow." The country is the vicinity of the Athabasca River in Alberta. The interior of British Columbia is the scene of "Three Fishers Went Trailing" by Robert Watson. A timely article by an old timer is an article on methods of duck shooting by Frank J. Parsons, which contains a number of good wrinkles. A Bryan Williams concludes his mad series of articles "Breezes from the West" in this issue, while a useful series of articles on first aid in the bush by A. G. Shakespeare commences.

Another of Frise's inimitable cartoons is one of the special features of the issue and a special article covering the D.C.R.A. matches at Ottawa, also appears in the October number.

Rod and Gun is published monthly by W. J. Taylor Limited, Woodstock, Ontario.

MISS DUFF W.C.T.U. DOMINION FIELD SECRETARY, ADDRESSED MACLEOD AUDIENCE

The W.C.T.U. of Macleod had a special visitor on Tuesday afternoon and evening in the person of Miss Duff, Toronto, who is one of the Dominion Field Secretaries of the W.C.T.U. In the afternoon Miss Duff visited the schools and spoke to the senior pupils of the public school and the pupils of the high school. Miss Duff's work is principally among the children of the day scientific and technical instruction schools and Sunday schools, giving regarding the value of total abstinence, working in co-operation as far as possible with the teachers.

In the evening she addressed a meeting in the United Church, when Mrs. Whipple, the vice president of the society in Macleod, presided, and introduced the speaker, Miss Duff, who is a very enthusiastic temperance advocate, gave an interesting talk on the work of the W.C.T.U. and spoke of the wonderful progress of prohibition sentiment throughout the world as was evidenced at the world's Prohibition Convention held recently at Edinburgh, Scotland, where temperance workers were gathered from almost every country in the world. She said that the W.C.T.U. was now the largest organized body of temperance workers in the world. Miss Duff is a very interesting and instructive speaker and everyone present felt that the message given was a most inspiring one to prohibition workers.

RECORD ATTENDANCE AT RALLY DAY SERVICE

The Rally day service on Sunday afternoon at St. Andrew's church, Macleod, was a decided success. It was the largest gathering of children and parents that has been at this service for many years.

The program was a most interesting one and was carried through in splendid style by a number of the children who took the various parts. The Rev. A. C. Wishart, in the absence of the superintendent through sickness, presided and by his bright and happy manner with the little folks made the meeting most interesting to the youngest scholar present.

The feature of the meeting was the address given by Mrs. O. C. Edwards on the subject "The Covenant With Christ." Her simple talk was most instructive and interesting even to the smallest child, as was noticed from the rapt attention she received. The Rally Day offering, which was a liberal one, is used for the promotion of Sabbath school work throughout the church.

MACLEOD TENNIS NOTES

Several new members have joined in for the remainder of the season. The courts have during the past season been kept in good condition, and the players generally have appreciated the efforts of the grounds committee. The new net purchased has so far withstood the most severe punishment of the crack players, and all agree that it was wise to purchase a really good net.

The steel racket seems to be growing in favor, but the poor balls—what would they say if they could speak?

A few of the members have not yet paid their fees. The executive would appreciate this being done.

A meeting of the club to wind up the business of the year will be held in the Rest Rooms on Friday night, the 5th of October, at 8.30. Will all members really interested in the club kindly be present. Any persons interested who are not members are welcome.

Raise: The extra money you get just before your appetites develop enough to absorb it.

THE WHITE HALL

LOCAL AND PERSONAL NEWS

Mrs. C. Shaver, of Calgary, is the
guest of Mr. and Mrs. H. V. Price.

J. D. Adams left on Tuesday for
Edmonton to resume his course at
The University of Alberta.

Born—at Macleod Hospital, Tues-
day, September 28th, to Mr. and
Mrs. W. A. McKenzie, of Granum, a
son.

Mrs. A. W. R. Whiteman, and Miss
Whiteman, of Calgary, were the
guests of Mr. and Mrs. J. W.
Moreash during the past week.

J. H. Alexander left on Friday
morning last for New Smyrna,
Florida, U.S.A. after spending a
six weeks holiday in Macleod visit-
ing his mother.

Mrs. D. Nicholson arrived home on
Sunday from a holiday trip spent in
visiting friends in Prince Edward
Island points, and at Boston, where
she was the guest of her cousin, Dr.
McMillen, later going to Montreal,
thence home.

Mrs. J. T. McGregor's group of
bazaar workers, held a very suc-
cessful tea and sale of home cooking at
the home of Mrs. W. G. Andrews, on
Friday September 24th. A large
silver basket of yellow Chrysanthem-
ums graced the pretty tea table,
which was presided over by Mrs.
Kirk and Mrs. Irwin, while assisting
in serving were Mrs. C. E. Tweed
and Miss Cora Hicks. Mrs. O. F.
Fasnet and Mrs. R. Gillispie were in
charge of the home cooking table,
which was well patronized.

On Thursday afternoon Mrs.
Mercer was the hostess at a dainty
tea served in The Canadian Bank of
Commerce chambers in honor of
Miss Thewlis, who is leaving the
service of the Bank at the end of the
month to become the bride of a
former member of the local staff,
Mr. Rogers, of Los Angeles. Miss
Catherine Mercer assisted the
hostess at the tea table, and Mr.
Mercer, on behalf of himself and
the staff, presented the guest of
honor with a sterling silver sandwich
plate. In his remarks he expressed
regret at losing a most capable
clerk and at the same time conveyed
to Miss Thewlis the best wishes of
her comrades for her future
happiness. The recipient was taken
entirely by surprise, but, in a few
well chosen words, in which she re-
called the past years of pleasant
association in The Canadian Bank of
Commerce, said that it was with
a feeling of real regret that she
severed her connection with the
office, and even without such a
handsome gift to remind her she
would always remember the Macleod
staff and the years spent in this

office as among the happiest of her
life.

Miss Ruth Grant left last week
for Lethbridge to take a course at
the Garbutt Business College.

Miss Annora Brown left on Wed-
nesday afternoon for Toronto, where
she will continue her studies at the
College of Art.

F. B. Van Duzee, of the Canadian
Bank of Commerce staff returned on
Tuesday from Calgary, where he had
spent a two week's vacation visiting
friends.

M. R. Dean, accompanied by Miss
Marjory Dean and Master Fred,
Miss Clara Dillingham and F. B.
Frey, motored to Lethbridge on
Wednesday of this week.

Mr. and Mrs. A. Clement, who
have been the guests of their son
R. A. Clement and Mrs. Clement for
the past few weeks, left last week
for their home at Colgate, Sask.

Died—At the Piegian Reserve, Fri-
day 17th September, 1926, Martha
Good Gun, wife of Percy Smith,
aged 41 years. The funeral was
from the Roman Catholic Mission on
the Reserve. Deceased leaves a
husband and two boys, ten and
fourteen years of age respectively,
to mourn her loss.

The card party and dance given
Wednesday evening in the Parish
Hall by Christ Church in aid of the
church funds, was a very pleasant
affair. The prize winners at Whist
were: Ladies' first, Mrs. R. M. Reid,
consolation, Mrs. Toombs. Gentle-
men's first—Mr. Brewster; consola-
tion, W. Y. Price. Prize winners at
Bridge—Ladies' first, Mrs. G. Mc-
Comas; gentlemen's first, Arthur
Young.

THE GROCERY DEPARTMENT—Still seem to have lots of
Fruit and Vegetables. No sooner one lot comes in another goes
out. The old reliable McIntosh Red is just as sweet as ever. They
keep on bringing fresh varieties in, but you can't beat it for
flavor and appearance.

DRY GOODS—We have been asked what knee caps are, as we
made mention of them in our last issue of the paper. The knee
cap in vogue—They are embroidered, beaded, laced and made to
match the hem of the dress. They look like the frills of the knick-
ers that were worn in 1830 and help to limit the revelations of a
very short skirt.

ENGLISH DRESS FLANNELS—Are just in and the selection
does credit to the Dry Goods buyers. Every shade conceivable.
Now you must not confuse these goods with the single width offer-
ed. Also it is Canadian manufacture. If you examine and com-
pare the two, you will see the difference in weight and qual-
ity. Remember our English flannels are double width and 56
inches wide. The imported flannels are famed for the superiority
of the dyes used. Our stock of dress goods are being added to
every day. It keeps the stock fresh and is better than over-
stocking, also it freshens up the old stock.
Don't forget you men and women that our Boots and Shoes are
